

HEADWATERS | SC

## **Hans Sack has joined ExOne Company as President**

We are pleased to inform you that Hans Sack, who has served as a Managing Directors of Headwaters|SC for several years, has accepted the position of President at ExOne, which provides 3D metal printing machines, additive printed products, materials and other services to industrial customers worldwide <http://www.exone.com>. ExOne was founded by one of our clients, Kent Rockwell.

We believe that Hans brings a wealth of knowledge, strategic experience, leadership and keen judgment to his new position at ExOne. He offers considerable experience in the metals and automotive industries, and will apply a strong base of leadership in operational, commercial, geographical and strategic matters to the Company.

All of us at Headwaters |SC wish Hans much success in his new venture.
